[mjpg]

A natural fact:

That I pimp tracks and freak around

The game got cracks in them pipes,

It's leakin' town

My lines blow yo' mind,

Yo' senses remain puzzled

Attacked by the weight of the bass

In yo' chest,

Eightball, mjpg, mc ren,

Nevertheless

'cause we's the most

My real-ass lizards,

Let's make a toast,

And sing aloud to bustas,

And force 'em to get ghost

And coast to coast

We shows loves in network,

While some try to impress people

And get hurt.

Deep thoughts cloud my conscience

As I curl,

Up in the corner on hand,

And then I hurl

Call my girl

Tell her I'm drunk

And can't make it

I tried to drink the whole damn bar

And couldn't take it

That's aiight!

'cause come sunrise,

I'm still rollin

My nuts the only title I'm claimin'

And still holdin'

[chorus- mc ren]

Now who in the fuck

Wanna come and represent?

You bitch ass niggaz,

Y'all be too hesitant

I, take my black ass

Down to the south

Bitches wanna fuck me
While I'm in the suave house

Nigga, who in the fuck
Wanna come and represent?
Oh, I know you suck that dick,
Acting too hesitant
We, mjpg, eightball, villain,
Make that straight nigga shit,
That's how these niggaz feelin', uh.

[eightball]

Guess wo popped up,
Straight up out the cuts
With lyrical buckshots
Spillin' all a nigga guts
Touch whoever witness,
Strays when I displays,
A thousand different ways to get paid
With a phrase
Days go by,
I be hibernatin' gettin' high
Dreamin' 'bout l.a.
Penetratin' somethin' fly
Down in h-town,
Or somewhere in the mound,
All eyes on me, baby,
'cause I get around
We be like, connected
Weak-ass niggaz get ejected
Ooze like slime,
Dig this hines when we wreck shit
Uncut, coast to coast,
Slangin' audio dope
Manglin' mcs, leavin' 'em,
Danglin' from ropes
Boast, tryin' to be dooper than most,
In my profession
Me and the villain, microphone killin'
No blood spillin'
Phat raps with much cheddar
In the tellers,
Eightball and mjpg and mc ren,
Foreva!

chorus

[mc ren]

Fuck that, bitches, the villain be
Out in houston, tex.,
To fuck with them niggaz from suave

Who wanna flex.
Bitch niggaz got kidnapped,
With dicks in they mouth,
Fo' fuckin' compton niggaz, and
Niggaz from down south,
Eightball, mjpg, where you at,
Space agent?
Y'all prob'ly got all the bitches pagin'
Suckin' 'casian.
Writin' left nuts,
Chapstick and lips,
While bitch-ass niggaz spendin' chips,
Just to see the hips
South-west connection,
Bitches bow tha fuck down
Fuck how them other niggaz sound
Villain be hated by niggaz because
They bitches pussies throb
Ready to slap that ho,
Every time a head bob, niggaz be killin' me,
Got that nigga t-mixx,
Pull the fuckin' remix
If these words don't hurt you,
Nigga, got them stones and sticks,
And some compton-ass niggaz
To make you fade to black
With some crazy houston niggaz
In the cut in the back

chorus

Fade to end
