Well I'm just sick and tired of talking on the phone
Sitting in your room conversing all alone
Talking talking talking about everybody else
What you'd rather do is talk about yourself

Don't talk to me

Not even a word
Not even a whisper
Just bite your lip

Don't talk to me

I don't have a case of bloody laryngitis
When we're sitting in a room with no one there besides
us
'cause I'm sick and tired of listening to your neurotic
shit
Why don't you ever shut your mouth stop acting like a
twit

Don't talk to me

Chi chi chi chi chi
Chatter chatter chatter
When you talk to me I'm letting
Don't know what's the matter
Got to tie your hands, feet put you in a safe

Don't talk to me
You never talk to me
