She said to leave it till the end of the party
Do it now, you know there's never a next time
How come the feeling that it's only just started
Pull back your cover, I could love you for all time
But do it now, you know there's never a next time.

The bees are busy,
Now there's gold on the hill
The branches waving
But our hearts are wrapped up inside
And then you leave me, so I start missing you a lot
No argument oh do I love you or not
No argument, you have all the love that I see as mine
Pull back your cover, I could love you for all time
But do it now you know there's never a next time.

She said to leave it till the end of the party
How come the feeling that it's always just starting
The bees are busy,
Now there's gold on the hill.
The branches waving
But our hearts are wrapped up inside Soon as you
leave me then I start
Missing you a lot
No argument oh do I love you, I love you or not.

Oh treat him like a baby please,
All night.
Oh treat him like a baby please,
All night.

Strength is not the same as anger
Put the taste back into hunger
Searching the box?
Looking for what?
I love you, I love you or not?
Strength is not the same as anger
Put the taste back into hunger
Searching the box?,
Looking for what?
Pushing the gear back into top?
Put the first back into class

Lose your bottle break the glass
You'll wind up high and dry with just this slow cold
comfort.

Oh treat him like a baby please,
All night.
Love you or not?
Oh treat him like a baby please.
