I remember times when we were young  
So what's sophisticated seems like nothing could go  
wrong  
And all the nights grew long and lovely  
But now the times have changed and everything's so  
complicated  
Everything feels wrong and i don't know what  
separated us

You think boys and girls are just toys made for 1  
another but i got news for you even toys can't hurt  
eachother  
But now the times have changed and everything's so  
complicated i don't know what went wrong and all the  
nights all long and lonely  
Once upon a time we had it made but it just slipped  
away but it's too bad that things like that could get the  
best of us

You think that boys and girls are just toys made for one  
another but i got news for you even toys can hurt  
eachother  
You think boys and girls are just toys made for 1  
another but i got news for you even toys can hurt  
eachother  
You think boys and girls are just toys made for one  
another but i got news for you even toys can hurt  
eachother
