Even into the brightest day  
The brightest feeling and  
The brightest way

There's got to be a time  
When the sky turns gray  
And then the only thing to do  
Is smile and say

(CHORUS)  
A little rain must fall  
A little rain must fall  
But so the rain had to come  
So must the sun someday

So your love has turned away  
The brightest of feelings  
Return to gray

There's one thing for certain  
That you can say  
Tomorrow's just got to be  
A brighter day

(CHORUS)

Some sunny day  
Nothing's standing in your way  
Not a cloud in the sky  
Till that love of yours says goodbye

And even into the brightest day  
The brightest feeling and  
The brightest way

There's got to be a time  
When the sky turns gray  
And then the only thing to do  
Is smile and say

(CHORUS)

But so the rain had to come  
So must the sun someday

Someday, oh, yeah  
Someday, oh, yeah  
Someday, oh, yeah  
Someday, oh, yeah...
