Two Lips  
And Chapstick  
Too Rich, Think I'm gonna be sick

Too much History,  
Or was it just me?  
Or Should I even bother asking?

Ashley Sugarnotch  
I don't think our time was wasted  
Bitter now, though I must admit  
You're the sweetest thing I've ever tasted

Summer Days, in a sunny phase  
And cool nights, in a daisy glaze

Now it's cavities, forced pleasantries  
And a couple hundred or so unsaid pleas

[Chorus]

I'm not hedging any bets  
Or lying to save some face  
Cause I've got no regrets  
Or memories I'd like to erase

[Chorus]
