There were times when if I told you this, you would've  
been impressed  
And in time, those days might make their way back  
I won't hold my breath  
There were times where we were stupid kids  
And it was all a game  
But as for now, this is the best night of my life

And if you were here  
I know you'd love it so  
I wish you were here  
Because I love you so

And these are things I often think about  
But it's a waste of time  
'Cause you're not here  
I'm not sober  
It's not 1999  
And these are things I often think about  
But it's all in the past  
And as for now, this is the best night of my life

And if you were here  
I'd say I love you so  
I wish you were here  
But you're not  
And every romance language says you sound the  
same
