I get so lonely sometimes
When I start wishing you were mine
But I know you're not that king of girl
But I just wanna let you know
I'm in love with you
I get to thinking sometimes
When you start being unkind
And I know you're not that kind of girl
And I don't need this broken heart
It belongs to you
I've got these stupid crazy feelings baby
I don't know why
I don't know if I can make it better
But I am willing to try
