

The Ergs! **"Your Cheated Heart"**

Visit "[Your Cheated Heart](#)" on MotoLyrics.com

Your cheated heart is getting rusty
Your cheated heart has never been so broken
Your cheated heart is through with trusting
Your cheated heart is nothing new

A blank expression on a fuzzy screen
Tells me things couldn't get much worse
You say you're giving up on love
He ruined it for everyone
I wish I'd gotten there first

'Cause then you'd be feeling like a queen
And I'd be holding the girl of my dreams
I could help you mend your cheated heart
