"And Get Away"

Visit "[And Get Away](#)" on MotoLyrics.com

Get on up and get away
Get on up and get away
Get on up and get away
Get on up and get

Pick your feet up
Just a little higher
Move your legs
From side to side

Clap your hands
Just a little bit louder
Come on, girl
Let's dance

Get on up and get away
Get on up and get away
Get on up and get away

You can Shing-A-Ling
And sock, sock, sock it to me
Girl, and sock it to me
Girl, so take heed from what I say
And get on up and get away

Get on up and get away
Get on up and get away

Got to keep on pushing
Got to keep on pushing
Got to get through to you
Got to get through to you

Girl, you make me so happy
Just as long as I can see you
Get on up and get away

Get on up and get away
Get on up and get away...

Sock, sock, sock it to me
Yeah, sock it to me, girl

Da da, oh, da da, oh
Get on up
Get on up and get away

Get on up and get away
Get on up and get away

Clap your hands
Just a little louder
Stomp your feet right now
Just a little louder

Come on, everybody
Get with the beat
Come on, everybody
You're doing it real neat

So get on up
Get on up and get away
Get on up and get away
Get on up and get away

Girl, girl. oh, my girl
Get on up and get away
Get on up and get away
Get on up and get away...
