We're singing this to you
And you and you

(You've got the power)
Oh, no, girl
(You've got the power)
And I just can't help myself
(You got the power)
You make me feel so good
And I don't no one else

(You've got the power)
When we're alone together
(You've got the power)
When I'm sad, kinda sad
(You've got the power)
You make feel so happy
And I want you to be my bride

(You've got the power) ooh, baby
(You've got the power) ooh, ooh, girl

Ooh wee, baby
Having you makes everything all right
(You've got the power)
I used to sit and wonder
(You've got the power)
Why I wasn't in your arms

(You've got the power)
My heart would just beat like thunder
(You've got the power)
Just glad to feel your charm
(You've got the power)
You have made me over, baby
Girl, you made me see

(You've got the power)
Just how wonderful power
(You've got the power)
The power of love can be

(You've got the power) ooh, baby
(You've got the power) ooh wee, girl
(You've got the power) you got the power
(You've got the power) ooh wee, girl

(You've got the power)
I used to sit and wonder
(You've got the power)
Why I wasn't in your arms

(You've got the power)
My heart would just beat like thunder
(You've got the power)
Just glad to feel your charm

(You've got the power)
You have made me over, baby
Girl, you made me see

(You've got the power)
Just how wonderful power
(You've got the power)
The power of love can be

(You've got the power) ooh, baby
(You've got the power) ooh wee, girl

This goes out to you and you and you
(You've got the power)...
