She's got everything
That's what all the fellas say
At the party here tonight
Your eyes keep drifting her way

Yes, she's prettier than I am
And there's nothing I can do
She's got everything
And pretty soon, she'll have you

She's got everything
And she causes quite a stir
Just by walking in the room
Oh, how I wish I were her

Now you're dancing very near her
Just like sweethearts do
She's got everything
And pretty soon, she'll have you

Somebody, show me the door
Can't take this heartache no more
It's like I'm left alone
I might as well start walking home

She's got everything
And it makes me wanna cry
Just to think that I
Can't even kiss you goodbye

Why did I take you to the party
I knew she'd be here too
She's got everything
And pretty soon, she'll have you

She's got everything
And pretty soon, she'll have you

I have nothing
But she's got everything
I have nothing
