Don't say, I say, you say  
She say, him say, them say  
Don't start the confusion  
Don't start the confusion

For when you say, him say  
She say, I say  
It will cause a contention  
It will cause a contention

Watching, buying, chopping  
Watch, cows and hounds can't cure  
Watching, buying, chopping  
Watch, cows and hounds can't cure  
Ah, don't burst your mouth

Don't say, I say, you say  
She say, him say, them say  
Watching, buying, chopping  
Watch, cows and hounds can't cure  
Ah, don't burst your mouth
