Drowning into the unknown  
See figures carved into stone  
Frozen in fear they now hide  
Calling me to the other side

Your merciful God brought forth the sickness...

Night..  
Worshipped by all of the damned  
Who had lost their light..  
Dwelling into the unknown  
In silence they march..  
Betrayed by the God of the light  
Raised into the night..  
Whispering screams in the wind..  
Silence...

Frozen they stand before me  
Awaken by their own screams  
The night now embraces my soul  
Answering only my call

Searching their souls once were sold  
Empire of death and cold  
Haunted dreams through hollow eyes  
The wind still carries their cries

Drowning into the unknown  
See figures carved into stone  
Standing so proud full of might  
Together we'll banish the light

These frozen eyes, sworn never to gaze the sunrise  
Ignoring the whispers that echo in the dawn  
Full of might they stand, once so proud now longing to die  
Caressing the silence with their grief memories...

Night..  
Worshipped by all of the damned  
Who had lost their light..  
Dwelling into the unknown

In silence they march...  
Betrayed by the God of the light  
Raised into the night...  
Whispering screams in the wind...  
Silence...
