Repent, your time has come
We come through crimson fire
The smell of sulphur and our rising from the flames

Creating your dreams
That turn to nightmares
We are the Jaws that rip your flesh and make you
scream

Burn, you can feel the Jaws of dark demise
The pain you feel is reflected in my eyes
We are the Jaws of dark demise
In agony we'll rise

We're born out of hellfire, of chaos and of night
Defilers of your temples where the flame of God burns
bright
Separate yourselves from the masses they form
Withstand dogmatic teaches, the only answer: Scorn...

Burn, you can feel the Jaws of dark demise
The pain you feel is reflected in my eyes
We are the Jaws of dark demise
In agony we'll rise

No angel shall be spared
No demons will arise
I will devour the world, the seas, the serpent skies
Angelic wings have faltered
Demonic wings seem pale
We stand agnostic to remind you that man has failed

Judge all who forsake your ways
Denounce and stigmatize
Then wear the mask of atonement
Preach forgiveness
Condemn our sins
Succumb to a life without torment...

No angel shall be spared
No demons will arise
I will deny the world, the ones who preach the lies

Angelic wings have faltered
Demonic wings seem pale
Mindless propaganda for the masses to feel safe
