You brought this upon yourselves...
An infinite wanderer
Against the currents of time
Chaos drifter, an eternal pilgrim
Always alone, a true nomad of night
In the midst of his utter corruption
When his soul transformation begun
Black wings covered the light's apparition
An early manifestation of what he'd become
Enraptured by a "painting"
That ravished the eye,
He remained serene and enticed
Seduced for infinity in a moment in time
I hate you so...
I hate you all
I'll unravel the solar illusion
Death and Decay I'll bestow upon your world
Weep yourself to a state of extinction
Call your angels to intone their dirge
Cheerful laughter turns to desperate cries
A blood dripping sunrise is burning your eyes
In the midst of my utter corruption
As my ultimate act of disdain
Black wings cover the light's apparition
This is my crime, this is what I became
Fear the night
Unending and silent I stand
I murdered the Dawn
Again and again
I stabbed
I murdered the dawn
Perverse euphoria is reaching the light
Perpetual are the horrors of the night
Shatter your dreams of prosperity and ease
Blinded and lightless you scream for release
Reborn I stand
Above your world
Pitiful is the life you adore
I awoke and I murdered the Dawn
Somber skies will haunt you forever
Mournful thoughts forge the chains of despair
I am your right, I am your wrong

I awoke and I murdered the Dawn
