True even doesn't mean the same as equal  
Doesn't even mean the same  
Lose your always sniffing for a sign  
What's hiding?  
There's a prize at every crime  
I'm alive, your alive we make warmth when we desire  
Blue mixed with white will still be blue add water  
The color is still true  
Lose what's the purpose of the fight?  
Who's losing?  
The day will win the night  
I'm alive your alive we make warmth when we desire  
If it's water and it's not wet  
It could be ice so heat it and you can soak me again  
again  
If it's water and it's not wet  
It could be ice so heat it and you can soak me again  
again  
If it's water and it's not wet  
It could be ice so heat it and you can soak me again  
If comes to this  
If it comes to this  
If it comes to this  
If it comes to this  
If it comes to this  
Will you go
