Here you come you're gonna try to get me back again
Since your new love he just put you down
You remember how I hung around

Did you think I'd bow my head
Forget the words I used to dread:
Don't call me, I'll call you

I don't want nobody like you
Oh you're the kind that looks for ways
To make me blue

Did you really think I wouldn't have the nerve to change
That you'd only have call my name
And I'd come running back again

Did you think I'd bow my head
Forget the words I used to dread:
Don't call me, I'll call you
Don't call me, I'll call you
Don't call me, I'll call you
