### "Her Love Was Meant For Me"

Somewhere close or maybe far away  
Stands a girl I will meet someday  
And in her eyes I will see  
Her love was meant for me

Won't have to say, anything  
Just on her hand, place a ring  
Her answer then will simply be  
Her love was meant for me

She may be just around the corner  
Or somewhere far across the sea  
All I know is I'll find her  
For it was meant to be

She will cry, just one time  
When I say her heart is mine  
And in her tears I will see  
Her love was meant for me  
Her love was meant for me
