I'm sorry, you're angry
Good night and good bye

But we need to keep looking into
Each other's eyes,
Even though it hurts to see the one you love
But can't help despise

Start writing
Make a list of your plans for the year
And send me a little note in the mail
When my name appears on your list
Of things to do
If you ever can see past you
I'll keep some days clear

And I can be lonely here
Yes I can be lonely anywhere
And I can be lonely here
And I can be lonely

I walk in
You walk out of rooms everywhere
I'm talking
You're looking through me
With a blank stare
And I can't help but ask if today would be my last
Would you care?

And I can be lonely here
And I can be lonely anywhere
Yes I can be lonely
And I can be lonely
