I'm not alone
I'm not the only one that's feeling this, I'm pretty sure
you got a thing for me too
This night could be the night of our lives, how you
feeling do ya
You never want it to end

You can't believe everything that you've heard
Your body sayin something louder than words
I can't get out of here, I can't get out of here
Cause you keep making it hard

Girl, you're makin it hard
You know you're making it hard for me
I said you're makin it hard for me to leave so I think I
might stay for the night

You really move me and you got your hooks buried
deep into the heart of the night
It was you all along that was making it harder, just can't
stop till we get it right
I can't get out of here, I can't get out of here
Cause you keep makin it hard

Girl, you're makin it hard
You know you're making it hard for me
I said you're makin it hard for me to leave so I think I
might stay for the night

That's all right

Here we go
Oh yeah
You're making it hard
Oh yeah, Oh yeah

Girl, you're makin it hard
You know you're making it hard for me
I said that you're makin it hard for me to leave so I think
I might stay for the night

Oh right

I said you're makin it hard
I should stay for a while
Yeah, you're makin it hard for me
I should stay for the night, tonight
You know I can't leave you
Tonight you'll be makin it hard for me
