One Night Stand ringtone on your mobile phone
Where you gonna go
Where you gonna stay tonight
You can't afford to be alone
My car is parked right outside
When the morning comes I'll give you a ride
After this night of lust it's gonna be alright
You're 12 beers deep
Stumbling over you're feet
It's so cold outside
Aren't you glad, that I made you,
Come into my bed as we quickly undress
The Floppy Rods are bumping on my stereo
It's 3 in the morning,
The night is gone without warning
I don't think I want this night to ever end
We're going deep
Feel a tingle in your feet
It's so cold outside Yeah,
Aren't you glad, that I made you, MINE?
Our love is just skin deep
I'm strapping shoes on my feet
Gonna go outside
Aren't you glad, that I made you mine?
Where you gonna go when the morning comes around
Are you going to leave before I awake
You don't remember my name
For me it's just the same
And we were just another one night stand
And we were just another one night stand
