Hey
It's a velvet touch to hold your hand
And I got nowhere else to run
I got nowhere else to hide
If I could just breathe one more time

Hey
I'm sorry I don't always make you smile
I see the way you look at me sometimes
I got nowhere else to run, I got nowhere else to hide
Only you

I've been waiting for this all my life
Only you
Starring up beneath the starry skies
Only you
It's like heaven just the two of us tonight
Only you
I've been waiting for this all my life
Only you

It's a velvet touch to hold your hand
And I got nowhere else to run
I got nowhere else to hide
If I could just breathe one more time
Only you

I've been waiting for this all my life
Only you
Starring up beneath the starry skies
Only you
It's like heaven just the two of us tonight
Only you
I've been waiting

And all at once the seasons changing out of time
The leaves are falling and I'm walking toward the light
And all at once I know that you are mine
I've been waiting for this all my life

I've been waiting for this all my life
Only you

I've been waiting for this all my life
Only you
It's like heaven just the two of us tonight
Only you
I've been waiting

Only you
I've been waiting
Only you!
