You can have her now, I'm done with that.
She's the dirty daughter of the devil
Teach her something new, then send her right back.
Since we seem to share everything in this bubble.

I hope she does that thing she likes, she'll want to
Impress you.
Do anything for a little attention.
My time is up, your time is due.

So don't be shy of your intentions

Oh I won't mind No I won't trip
No dealing with my jealousy
Dig right in and grab those hips,
Pull right in and let it rip
Take a ticket for your number
Take a ticket for what, your number

If I find the one who means the world to me.
The truth won't come so easily
Round and round she goes, she keeps it a secret but
we
All know.
