What you want from me
What I want from you
There's no working it out
Take your hands off me
This just cannot not be
I've got someone waiting outside
You think it's cool acting lame
Dude is this alright?
Just get the hell away from me
Sorry I'm a bitch
And everyone your with
Let's just take the easy way out

One last time and one good story
Scream hallelujah
Scream hallelujah
Once more that time you never came
One more time and one more history
Scream hallelujah
Scream hallelujah
There's just no easy way out

There's no memory
Of which I can see
That even vaguely matters to me
This place is destitute
Something that I can't refuse
That gets me coming back to you
It's not that I don't care
I know that I'm not there
No one is standing between me and you
It comes out to this
The one I've already kissed
I'm drawn like it matters anyway

One last time and one good story
Scream hallelujah
Scream hallelujah
Once more that time you never came
One more time and one more story
Scream hallelujah
Scream hallelujah

There's just no easy way out

One last time and one good story
Scream hallelujah
Scream hallelujah
Once more that time you never came
One more time and one more story
Scream hallelujah
Scream hallelujah
There's just no easy way out
