Too fast to live
Too young to die
Every turn I take
Is one escaped by blood being spilt
By the forgotten
Across the border
No fucking control

Indestructible
Wish I was indestructible
Indestructible
Wish I was indestructible

Late night tonight
Late night tomorrow
Turns you straight
No need to follow
Blood was split
By the forgotten
So across the border
No fucking control

Indestructible
Wish I was indestructible
Indestructible
Wish I was indestructible
Indestructible
Wish I was indestructible
Indestructible
Wish I was indestructible
