Hey mister tell me a story  
How your life got so boring  
And don't know where I'm going  
Stuck in these walls  
They just keep closing  
Empty future  
Nothing will suite  
Your static thing  
Pisses you off  
In pain despite those you control  
Nothing in your heart  
Ever comes so  
Slow, got so tired  
Slow  
Slow, got so tired  
Slow  
Slow, got so tired  
Slow  
Slow, got so tired  
Slow
