Ain't done chores now for at least 100 days,
Don't do the dishes no more I just throw them away,

On the corner with the radio blastin',
They're throwin' money away,
On the boulevard,
There's too much trash in the way

I've been missin' from home since the age of 10,
100 dollar reward, I think I'll turn myself in!

On the boulevard,
They take it hard then they throw it away,
On the boulevard,
There's too much trash in the way.

On the boulevard,
They take it hard then they throw it away,
On the boulevard,
There's too much trash in the way.

I woke up in Chico about a week ago
I gotta play for my pay but then it's time to go,

On the boulevard,
They take it hard then they throw it away,
On the boulevard,
There's too much trash in the way,
You just trash it away.
