You said it was hard
And I know I've had you under my wheels for so long
Now you're moving on

You know I've been losing and someone stole my car
Well, I've been eating out of spray-painted garbage
cans
And sleeping at the bar

You left me stranded, oh yeah
You left me shattered, baby, oh yeah
As soon as I fall down and die
You know that they're gonna see
You put the gypsy switch on me

I walked through the rain until I found the spot
There was mud on the dance floor from the parking lot
The room was shaking and my baby was stripping
down
I guess this time, well it's just my loss
She had the Union Jack's pole and her dollar toss
No more kissing your lips
I hate you bitch

You left me stranded, oh yeah
You left me shattered, baby, oh yeah
As soon as I fall down and die
You know that they're gonna see
You put the gypsy switch on me

You left me stranded
Ohh, stranded...
I would go back
If I didn't feel so alone
You know that I'm down on my own
I ain't coming home

You said it was hard
And I know I've had you under my wheels for so long
Now you're moving on

You left me stranded, oh yeah

You left me shattered, baby, oh yeah
As soon as I fall down and die
You know that they're gonna see
You put the gypsy switch on me

I'm a loser, baby
I'm a loser, baby
I'm a loser, baby, baby, baby
