Teacher and the student body they all stare
Blitzkrieg in the halls just like nuclear warfare
Jenny's popping birth control still wearing braces
We're just busy making teenage faces
Making, making teenage faces
Just like making, making teenage faces
Someone shot the principle right in his head
School is out forever and we're glad that he's dead
No one knows
(Who to incarcerate)
We don't care
(We're gonna celebrate)
And here I am
(High school degenerate)
And it's just like making
Into the pillow so no one can see
If they catch me they will kill me
Stereo equipment is missing from places
Rockin' in my room making teenage faces
Making, (making) making teenage faces (faces)
Just like making, (making) teenage faces (faces)
