"You Shadow"

Well, girl, now you said that we're through
Little do you know, that's only half the truth
Outside your house tonight, I'm waiting

Wohhhhh Woh oh
I watch your every move, girl
You don't know -
I'm your shadow

And now the children are asleep
Should've listened to your momma
She always said I was a creep
You're home alone; the phone is ringing

Wohhhhh Woh oh
I watch your every move, girl
You don't know -
I'm your shadow

I watch your every move, girl
You don't know -
I'm your shadow
Your shadow
Your shadow oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
Oh, oh, oh, oh
