

The Eyes Of A Traitor "Breathless"

Visit "[Breathless](#)" on MotoLyrics.com

I am breathless
All I feel is pain in this
World my words are in vain
I am breathless what is this life
My words are in vain

Brace your self
This aint what you wanna hear

I am breathless what is this life
My words are in vain
All I feel is pain in this world my words are in vain
Will I ever understand

Will I ever wake up
Will I ever understand

Ughh

As the pain fades the lies infect
Everything I built
What is this life it's so unclear
I swear it's all a dream

No air in my lungs I cannot breathe

I cannot fight what I don't believe
Will I ever understand
