I consummate this realm through the vision I possess
I rise above consecrated imposition
The pious flame
A flame extinguished from the mind
I will create a new reality
No creator in the heavens above (I am the lightning)
Rest your weary mind
No demons in the furnace below (I am the frenzy)
I have realized I am God
I will descend to the depths of man
Proclaim to the void
Emptying my cup
The starved, weary, thirsting
From God's barren grave within the garden of untruths
A flower takes bloom and births a new reality
No creator in the heavens above (I am the lightning)
Rest your weary mind
No demons in the furnace below (I am the frenzy)
I have realized I am God.
