I disappear,  
I lost control,  
My body's moving,  
All on it's own.  
I watch myself,  
Walk away,  
A foreign spirit,  
Took my place.

An empty stare,  
Its eyes are dull,  
So my essence, it's riding my pulse.  
A Burst of black,  
A Breath of smoke.  
I disappeared,  
I lost control.

I,  
I disappear(x3)

I disappear,  
I lost control,  
My body's moving,  
All on it's own.  
I watch myself,  
Walk away,  
A foreign spirit,  
Took my place.

I,  
I disappear(x3)

How could I resist,  
It's all I've wan-  
Ted now I guess I've got it.  
Why it happened, I don't know,  
Hope this doesn't last forever.

I, disappear(x4)
