I see you work at night, and are you sexually amused?
What's it like to have a room of guys encircling you?
How she moves and how she walks.
They all patiently await while the heat from in their
pockets could burn marks into their legs.
Without your needs and your support she'd have a job
the same as ours - nothing daring.
Would she miss a job that's sex- that's sexual?

In every city there are dozens of these clubs where
men can go.
Some people need a little challenge to their fantasies
at home.
There's a little tiny number on a fold of matches,
The ink drips from a little dancer's pen.
Everybody wants that fold of matches to reinflate their
confidence.
Hey, it is a job, it pays a lot.
Is it disserving someone?
And is it good to get these men worked up so sex- so
sexual?
Older dancers gag at what new talent seems to mean.
Smaller tits and younger limbs can cause a fit of
rivalry.

But it is a job, it pays a lot.
Is it disserving someone?
And is it good to get these men worked up so sexual?
