I feel the pressure, yeah I feel the heat on me now  
We'll be together, and won't let this break us down

Does it shine down on you, like it shines down on me  
Do you feel how I feel, are these feelings real  
When I'm thinking of you, are you thinking of me  
Cause with you, you know I'm on

CHORUS:

(Top of the world)  
I see you, I see me  
I see what we could be  
You keep me on

(Top of the world)  
When we try, to live life  
Like we're not counting down now  
We are never coming back

If you drift further, and we can't find common ground  
I'll be your lighthouse, and I'll never let you down

Does it shine down on you, like it shines down on me  
Do you feel how I feel, are these feelings real  
When I'm thinking of you, are you thinking of me  
Cause with you, you know I'm on

CHORUS:

(Top of the world)  
I see you, I see me  
I see what we could be  
You keep me on

(Top of the world)  
When we try, to live life  
Like we're not counting down now  
We are never coming back

When life is like gravity, and everything's bringing me  
To the ground, and I'm down, down  
When your face is all I see, and your words are lifting  
me

Nobody can bring me back  
down, down, down  
down, down, down, down

CHORUS:

(Top of the world)  
I see you, I see me  
I see what we could be  
You keep me on

(Top of the world)  
When we try, to live life  
Like we're not counting down now  
You keep me on

We are never coming back
