You asked me
How I met her?
But if you wonder
You can know...

Like a magic light
She was flying in the sky
And her eyes were crying
And I know why...

Now...
You cannot start
To meet us now
Oh, baby in your little heart...

But only I can know
Yes...
My baby will be just one

Future girl
Don't fly away
I need you all for me...
Future girl
Don't fly away
You will destroy all my mind...

Future girl
Don't fly away
I need you all for me...
Future girl
Don't fly away
Allow me tell you
You're all of my mind
Future girl...

Night after night
I'm waiting for you
But in the sky
I can't see the light...

Our love will last forever
Little girl

And my eyes are crying
You know why...

Now...
I cannot start
Dreaming again
I must leave my little heart...

But only she will know
Yes...
My baby will be just one

Future girl
Don't fly away
I need you all for me...
Future girl
Don't fly away
You will destroy all my mind...

Future girl
Don't fly away
I need you all for me...
Future girl
Don't fly away
Future girl...
