Big Up man get to work deal, and they call him the
expert in the field
Same time woman come work the same deal, and they
want
to put it down to sex appeal

Me na make no comments, Just talk about the
difference
When the workday done and dem gwaan have fun
celebrate
the turn of events

I'm only talking from the standpoint of how bad man
appreciate dem
Don't matter country gal or big city woman me
celebrate
dem

Me done draw the line, Out a road and dem look so fine
All around the world I get plays and I make the gal dem
shake up their waistline

(Spanish)
Las mujeres estan en mi mente todo el tiempo, le digo
siempre
Mira me chica, como te mueves, Puede tener todo lo
que

Viva la musica represente de Panama, cosa diferente
MC ZULU Hombre Malo, Escuchar y bailar mi gente

CHORUS
Baila Mundo, Baila Mundo
The Way Dem Dance Around The World
REPEAT

Big Up woman run up her mouth and a put all the
business 'pon the shelf
Meanwhile a man intend to wage war and him can't

When the lights go down and they want to have fun
celebrate the turn of events

She's my addiction, but I suspect deep down inside
that

this gal resents me

She hang 'round and learn my secrets and then she try
to use them against me

Me done draw the line, Me cyaan vex because she look

I coulda barely speak, and then my knees get weak
when

me see her wind up her waistline

(Spanish)

Muchacha, su cuerpo es magnifico

Mulata, las curvas mas peligroso

Ahorra yo soy El Presidente en este baile, no accidente

Mira las chicas como te mueven
