CHORUS

Operating with immunity
Empty promises and worthless speech
Who The Dragon fighting overseas

Now we're living with uncertainty

Heard about it on the Hit Parade

They don't, They don't want us to know the truth
Outlaw, Outlaw broadcast and trick the youth
It's going on a week I can't locate my good friend
His children told the policeman he was tuning in

... and that's their greatest sin

Many faces were heading toward the sun and now
They're caught up in the pouring rain.
Believe me, I know, It's just I never wanted to tell you

Want to hear what's really going on, they listen to the
Hit Parade... I know you're listening right now

You're under the covers with the radio on.
