Ladies, right here now is the time to get out of your seat

Kush Arora pon the riddim and the Bad Man ZULU

Habre Ventana (Open The Window) Look out on the corner, Gal deh winding and a shake it well  
She's not the type she no work it for dollar, No me boss it coulda something else  
Now the dancing getting sorta outta hand pure provocative and I can tell  
She go crazy fi the Bad Man music, hear the tune me put them under spell

More mayhem with a big recording, More dancing 'til the early morning  
Hot winding when dem heed the calling, Riddim murda dem without a warning  
It's incredible how people never know it's ZULU the Bad Man pon dem system  
More time dem hear the bass, and the rhymes, and the roots and the culture  
whe de Zulu Man give them

CHORUS

When the kick drum drop and the gals dem hear this sound  
All a dem realize seh the bass a the best around  
They're going to lose control  
Close up the window, I know how this goes, So much youth dem all a make dem noise  
Out pon the corner, So much disorder, From the people want to make them choice  
I just wonder, with the PEN... how they really gained full control of ALL the property  
'pon the corner the same ones inna the game going to hustle for economy

Now when the crowd a people want to deal with evil, all of them will see through  
the wicked games  
Music Murda will get them further, just run the right tune and something change

My recipe for the symphony, rinse the track thru  
Reverse Sixteenth.  
Kush Arora with the Bad Man, Jump inna the dance and  
the gals dem scream  
CHORUS  
When the kick drum drop and the gals dem hear this  
sound  
All a dem realize seh the bass a the best around  
They're going to lose control
