What we propose is a change in policy.. Nuff a de
talking business.
Start moving. Get Up

Ideas and inspiration come from, heroes who're
destined to be unsung
I know because it seems I am one, but well soon
change that

I have the greatest story untold, I take the lead you
give and make gold
Watch as I let the future unfold, Cause me want
payback

And I'm aWare theres never been... no such place as
easy street
But I'm All about the search of successful recipe
You shoulda known I wouldnt give up or fade away
quietly

And I'm about to Show the world, and all of society.
You'll see

CHORUS

No more time for talking. I want to see some action
No more time for talking. We got to make it happen
REPEAT

Well I Pray the list of those headed for the Big Brighter
Way will contain
MY name, but in case it doesnt I will keep both hands
on the wheel now,
if it's just the same

You get tired of explaining this game to the ones who
cant hang?
Thats why game was meant to be sold and not told,
information pon exchange

What you callin this? My philosophy from me was a two
year old
Mister life-ologist... Come to de realization that the

world so cold

No politics, No form a division at all, and not no mind
control
Because were all In this, And when people get together
its heavier than all their
weight in gold

Those tears they cry, go hand in hand with their lies
And in the end it seems, its justified by their means

Everything they stole aint worth the price of their soul

Over time it shows... and their guiltiness is exposed

You see me deh 'pon a mission you know I got no time
to play
Zulu man how you crazy now? What it is you really
trying to say?
Well I believe in the dreams that coulda bring a
brighter day
Putting in all the work because I want it right away

CHORUS

No more time for talking. I want to see some action
No more time for talking. We got to make it happen
REPEAT

Well I brought you here to get down to the business of
the matters at hand

First of all I would like to call this special session to
order

What the deal is and what the word is we have yet to
discuss that
This is just the meeting for the meeting to find out
where we meeting at

Check the doubletalk

Those tears they cry, go hand in hand with their lies
And in the end it seems, its justified by their means

Everything they stole aint worth the price of their soul
Over time it shows... and their guiltiness is exposed

All around the world they going to change this policy
Putting all the breaks on red tape bureaucracy
We been on the rock, so no more hypocrisy
Time for the liberation and true democracy

CHORUS (REPEAT)

Spread The Word, Go Ballistic
Somebody tell me now are you listening?
Everyone of us is Ambassadors
That is the world, right now that we're living in
Calling the Gods now, We'll check the Audio Recording
Everybody Jump Up Jump Up
You know the business
