They keep you running, you can't hide from the ways of  
the system and dem everyday  
Persecution, you can't deny it. Witnesses there down a  
station with a lot to say  
Babylon a catch Rudie in a curfew, could he be the right  
one dem a search for? Are their words true?  
Dem claim you guilty with no real hard evidence, Lock  
down permanent, it never make no sense

### CHORUS

Conviction on a Monday Morning,  
For a murder dem claim happened yesterday  
Read the news. Dem cross the line Hear what I say  
Conviction on a Monday Morning  
Capture the innocent without a warning

Who's protection? None to show. Hear the worst of the  
rumors when they read the case  
I guess it's always who you know, when the winds of  
corruption gonna blow your way  
When you look back now and wonder why him turn  
fugitive, Cause him realize what dem gonna do to him  
False judgement under dubious circumstance, That's  
how they treat you when they get the chance

### CHORUS

One of the jailers accidentally leave his gun out on the  
table, Giving me the opportunity to get free  
While inna de countryside, dem never believe police a  
try fi put a price upon my head a hero inna the streets  
But now they have the place surrounded, telling me  
come out with your hands up, Heavenly Father would  
you  
hear my last request?  
Tell all of the people I was innocent and tell my mama  
not to shed no tears because I did my best.

Execution in the square  
From the judge who's presiding, and him never care  
Come to find out, truth or dare.. The perpetrator was  
the son of a millionaire

Babylon a catch Rudie in a curfew, could he be the right  
one dem a search for? Are their words true?  
Dem claim you guilty with no real hard evidence, False  
accusation and it never make no sense

CHORUS

Shotgun trial now on a Monday Morning, well I ain't no  
criminal  
Capture the innocent without a warning.
