### CHORUS

When you look and see the informer's property getting  
blown up  
That was necessary

When arresting officers are on the payroll for not  
showing up [to court]  
That was necessary

Started light inna de game with the hustle and now  
we're growing up  
That was necessary

If you're down with 20/20 Perception, let's see you  
throw it up  
I think it's necessary  
Bad Man no bother mixup with people entangled up in  
the crack game Business  
A Dirty Business

I've seen the innocent children of certain dealers suffer  
more than the Father  
Sins Of The Father  
Reach around the generations and wreak their havoc  
on the People Around Me  
People Around Me

KNOW seh that the hustles I come up with put some  
money in them pockets  
on the regular

That's why me tell you.....

Now me seh informer chat, him must be idiot, run down  
a Babylon station and him don't stop

Tell Officer John Brown seh me have the Nine Glock,  
Mek I and I a run duck fi cover fi gunshot

LORD, but a no thing to me, the moon is full you see  
Before the night is over, manifest this prophecy

Me have a bag of tricks, Some call it fantastic  
You cannot test me cause you're walking with the 666
