All I Know,... No no, There is no such thing

It never exist, No Freedom for me

But I say "Not in my sight"

I no say "Freedom Of Sound"

But I say "Only The Underground"

And I say, We don't deserve to feel like we're prisoners
with no crime

And I say, All of the mass confusion is leading up to
this time

And I say, Let it be known that I'm open to discussion
right now

And I say, Life is a suicide run, but man you better walk
slow

CHORUS

To be critical if you like, telling ME no give up the fight?

Please forgive me my ignorance
