The glimpses I've seen only one time, I can't get this
gal out of my mind
Collect my thoughts.. Jah know me have to get a woman
like this no matter the cost
Something me just can't put a finger 'pon
Me say the way the gal enters the room and the way
she gone
It leaves a definite impression, watching every move
but me can't make the connection

Steps the gal a take, Looks a whe she get, Nothing
innocent, Everything correct, All the man a sweat
From she dip it low, Gal dem out a road, say she favor
Pro, Everybody know, Nothing na go so

Sexy gal just a wind from one side of the place to get to
the next
All of the gentlemen well impressed, Enchantress with
the exotic vibe no less, fi make we feel ever-blessed
Still... if you are the type of girl who captivate the man
dem, big up your chest...

CHORUS

The Gentlemen, Dem all a fight
They want to dance with the Queen Of Hearts tonight

No matter what they say they like
They want to dance with the Queen Of Hearts tonight

Keep them impressed, Hold dem interest, Expect no
less, gal

We all a wait, to get the right
We want to dance with the Queen Of Hearts tonight
Slow grind, that is what they want, Man a work it long
time she say brilliant
Then she make it known she don't want it, so... let it go,
search around the place, look another episode

You're out 'pon the floor and the moves are right, Your
body contour make me excite
You know another situation, Dem all mention the way
you just a capture all the crowd attention

How some gal a flex with the attitude? She get much
respekK but she never come off so rude.
Ain't no surprise, seduction holds men at bay so many
ways, you'd never realize

CHORUS

Exotic pose, Expensive clothes, Outshine the next gal
The gal a work it to Riddim and the groove
She dancing over now, What you gonna do?
Me try fi play it cool, Got nothing to prove...
Don't stand there like a fool (lol)
Wave your hand, Wind your waist, Expression of
beauty, the pretty face
Just a dream passing thru, Hypnotize them, you know
what to do

I can't be for sure, but I'm feeling that you work the
dance floor and you're giving dem heart attacks
So bring it back from you hear seh dem run the tracks,
Excitement to the max.

CHORUS

Subject of dreams, That's what it means, No one can
test, gal
