To the middle of the burbs and the hi-rise, All the gal

Cause I..
Wanna give the gal happiness - Me tell you truthfully
And I..
Wanna take away all dem stress - But not exclusively
And I..
Wanna get you out of that dress
So here's your ticket to ride, you and I become the

This gal looking like she stepped from the back of the
bus when it's rolling
Left out from the room with the bad man, makeup

One bag with the dress from last night, one bag with

CHORUS

Is it a crime to hate the one you love?
When do they stop and say they've had enough?
Are all these questions wasted energy?

Right now many gal scream out in ecstasy

We start with the first argument then, come around
with the sex explosion
Look around for the next episode when, you believe all
of your friend's notions
Just pick up all the pieces and make them, ride out to
the place she a come from
Giggolo fi de gal, bad man and me cant do no wrong,
because I...
