It's like me tell you before... Dreadie go a foreign and  
MAYBE do this and that.  
But we don't catch up inna dem long term hustle.  
Alright then? Spread The Word.  
From I and I stand falsely accused you done know seh  
me a go beat the case.  
Raise up your glasses, because we a go head uptown,  
and the Party continues  
Rudie can't fail

Ask him about the code name: KILO The Don, he don't  
respond  
Blend in with the snowflakes, Keep holding on, She's on  
his arm  
Met their friend on Broadway, She brought the bottle,  
You know the song  
Call that "Three The Hard Way", unless you don't know  
what's going on

I'll wait 'til next when this drama unfolds and things will  
get calmer  
Watch as the days become longer, line up the chips  
and place all your bets dem  
Dressed up and looking so fancy, High times so good  
and so plenty  
So far we're coming up empty, but anything is possible

### CHORUS

Uptown with the socialites  
Uptown in the party life

I'm not used to this side of the tracks. I'm enthralled  
with all the lawlessness around  
Gimme some of this, and definitely gimme that... Baby  
keep the liquor coming  
I been running up a bar tab. Starting to get much larger  
The knowledge of it is making me act untouchable  
Buy the full bar, I recall I had no pull, Just two months  
ago

Live life in the fast lane, Places we go, Watch how they  
stare

We give Love a bad name, I said it's real, But no one  
cares  
Hide out on the dance floor, Mix in the crowd, Music so  
loud  
Give them what they ask for, Just let the DJ kill dem with  
sound  
I got the worst of intentions, No time to answer those  
questions  
Those fantasies I don't mention, Because I'm afraid I'll  
go too far  
Ain't nothing wrong if these ladies, Strip down and start  
to get crazy  
Depraved and sordid.. Yes, Maybe... But everyone's a  
superstar

Uptown with the socialites  
Uptown in the party life  
CHORUS

Dem say Rudeboy do the crime, Getting out the game,  
Switch up the city lights and make a change

Where the night stays colorful, Invitation for,  
Neon temptation plays on every door

You can't prove gangsta business was a part of my life,  
I'm gonna make it in a world  
where the other half lives  
I coulda did the dirt, but now legitimized... and me cop  
the baddest whips  
and now me head out 'pon the boulevard  
Starting to shine much brighter, the night is young.  
Winning got me acting insensitive  
Could I live larger than the Beatles and Elvis did?  
Check it and watch me kid

CHORUS

Uptown with the socialites  
Uptown in the party life  
Till the early morning
