She talked about the leaving
Now I believe her
She said she had her reasons
Now I believe her

Well I went silent man
IÂ'll except it
And hold your temper
Cause I donÂ't need it
ThereÂ's nothing I donÂ't know
At least as far as IÂ'm aware

I
I
I
I I

IÂ've seen myself
Watch it all crash down around me
And IÂ've had the taste thatÂ's gone
But IÂ'm telling you it will be
Back, back, back, back, back, back,
Ooo yeah
