Let me out of here  
I'll be good I swear, this time at least, I'll try  
Faith begins to stride  
Crushing all lies inside

Welcome back, there's a cut that controls  
The fool in the making is lost in his souls  
Looking though your eyes, I've been made to see  
Phoenix reburnt again in me

Been here before, Promised  
Never again, Relive this refrains

All that I lack, is the will to restrain  
'Cause you lead the way that the laughter reclaims

Welcome back to the story retold  
The fool has been made and is lost in control  
Running in circles I'm back at the start  
Phoenix reburnt again in me

And I will, Never learn, in return  
You'll be, watching me burn  
And I keep, falling down, gaining control  
And you'll be, watching me drown

Welcome back to where nothing consoles  
Feast on the jungle and know hate controls  
Force feeding me with you wires and tubes  
You'll see me screaming my need for abuse

Been here before, Promised  
Never again, Relive this refrains

And I will, Never learn, in return  
You'll be, watching me burn  
And I keep, falling down, gaining control  
And you'll be, watching me drown
