The bloom of sunset in the summer skies
The golden flicker of the fireflies
The gleam of lovelight in your lovely eyes
These are the things I love

A silver moonbeam peeping through the trees
A bed of tulips nodding in the breeze
The look you give in answer to my pleas
These are the things I love

Oh, once I thought that life was just a winter thing
And then you came to me and like a breadth of spring
You turned my silver snow to gold

A robin's serenade when day is through
The babbling brook beside our rendezvous
Your sweet voice whispering Darling, I love you
These are the things I love

Oh, once I thought that life was just a winter thing
My heart was cold
And then you came to me and like a breadth of spring
You turned my silver snow to gold

A robin's serenade when day is through
The babbling brook beside our rendezvous
Your sweet voice whispering Darling, I love you
These are the things I love
